**130.03 Location of Zones.** The boundaries for the zones listed above, being the most current editions, are indicated on the Baker County Zoning and Plan Map, Mineral Extraction Zone Map, Oregon Department of Fisheries and Wildlife Maps, Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps (FIRM), and the U.S. Department of Interior National Wetlands Inventory Maps, which are hereby adopted by reference. Where there is an inconsistency between the larger-scale assessor's maps and the smaller-scale Zoning and Plan maps, the information contained on the larger-scale maps shall prevail.

**130.04 Zoning Map.** A Zoning Map or Zoning Map Amendment adopted by Section 130.03 or Chapter 260 shall be prepared by authority of the County governing body or its designate. Such Map or Map Amendment shall be dated with the effective date of the Zoning Ordinance that adopts the Map or Map Amendment. A certified print of the adopted Map or Map Amendment shall be maintained in effect.

**130.05 Zone Boundaries.** Unless otherwise specified, zone boundaries are section lines, half or quarter section lines, subdivision lines, property lot lines, center lines of highways, roads, streets or railroad rights of way or such lines extended. Whenever possible, zone boundary lines shall not divide ownerships. If a zone boundary as shown on the Zoning Map divides a lot or parcel between two zones, the entire lot or parcel shall be deemed to be in the zone in which the greater area of the lot or parcel lies providing this adjustment involves a distance not exceeding 100 feet from the mapped zone boundary.
