**Caption** 10 words which reasonably identifies the subject of the measure.

**Four Year Local Option Tax for Noxious Weed Control**

**Question** 20 words which plainly phrases the chief purpose of the measure.

Shall Baker County levy approximately \$0.0660/\$1,000 assessed value, \$130,000 annually, for four years beginning 2025-2026 for noxious weed programs? This measure may cause property taxes to increase more than three percent.

**Summary** 175 words which concisely and impartially summarizes the measure and its major effect.

This is a special levy outside the County's tax base. The last weed levy rate was approximately \$0.05885 per \$1,000 assessed value. Funds generated from the last levy amounted to \$100,000 annually for programs such as herbicide give-away and the Cost Share program. Funds were used to provide noxious weed treatments county-wide and outreach/education to local communities. The new proposed levy provides a tax of \$130,000 annually. Taxes raised under the new levy would allow for the continuation of the department's assistance programs, county noxious weed treatments, increase education/outreach with the local communities. The tax rate under the new levy will be approximately \$0.0660 per \$1,000 assessed value based on 2024-2025 fiscal year assessment. The proposed levy would have a beginning date of July 1, 2025 and ending date of June 30, 2029. ESTIMATED EXAMPLE: A \$200,000 assessed property would yield an estimated \$13.20 annually under the levy.

The estimated tax cost for this measure is an ESTIMATE ONLY based upon the information available from the County Assessor at the time of the estimate and may reflect the impact of early payment discounts, compression and the collection rate.

**Explanatory Statement** 500 words that impartially explains the measure and its effect.
